— CORPORATE GIFTING & TEAMS · 2026

A gift people *keep wearing*.

Ramadan, Eid, year-end, the client who closed something large, the team that earned it. Engraved, boxed, delivered to one address or a hundred — on a date you can put in the invitation.

The gift that *says something* about the giver.

A pen is forgotten by February. A pendant that remembers every conversation is worn to the next meeting — with your name on the back of it.

Useful every day

Transcribes, summarises and searches every conversation the recipient has, in fifteen languages. It earns its place on day one.

Made to be seen

Gold Edition or Midnight Black, 36 mm, on a fine chain. It reads as jewellery, not as a device — which is why it gets worn.

Yours on the back

Laser engraving on the charging face: a name, a date, your logo. A proof is sent before anything is cut.

Boxed, sealed, delivered

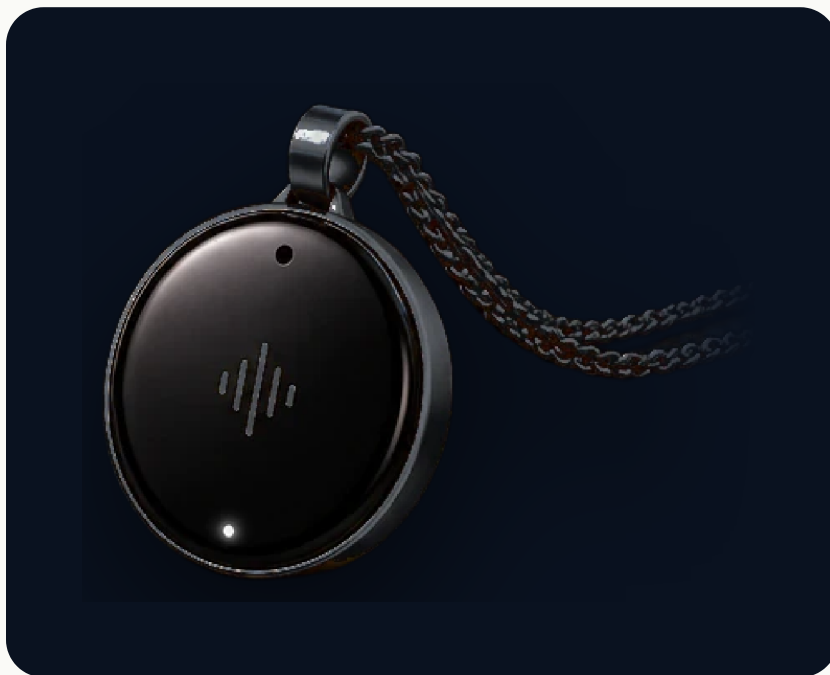

Rigid navy box, gold foil, a card with your message inside. One address or a list; UAE-wide, tracked, on the date you set.

Everything included

Pendant, chain, charger, a full year of AI service and the warranty. Nothing for the recipient to subscribe to.

One invoice, one contact

Annual invoice in AED against a PO. A named person on WhatsApp for the whole order, before and after delivery.

ENGRAVING

Name, date, or logo.

Up to two lines of text (24 characters each) or a single-colour logo up to 14 mm wide, laser-engraved on the charging face. Standard on orders of ten or more; a digital proof is sent within one working day and nothing is engraved until you approve it.

Ten, twenty-five, fifty. *Or a thousand.*

Every tier includes the pendant, chain, charger, one year of AI service, the one-year warranty, gift box and delivery across the UAE.

Team workspaces

For teams rather than gifts: shared digests, admin controls, per-person privacy. Same tiers; ask for the pilot — ten pendants, ninety days, credited against the first order.

Lead time

Standard orders ship in 5 working days from proof approval; engraved orders of 50+ in 10. Ramadan and year-end slots fill early — book the date first, finalise names later.

Payment

Invoice in AED against a PO, 50% on order and 50% on delivery for 25+; card or bank transfer. VAT at 5% applies.

◇ Tier pricing is indicative pending final production costs and is confirmed in writing on your quote. Prices exclude VAT. Year-two AI renewal is optional and never automatic.

Four steps, *one contact*.

1

Tell us how many, and when

dehertz.com/gift, or WhatsApp. Quantity, finish split, date needed, engraving text or logo.

2

Quote and proof, same day

A written quote and a digital proof of the engraving and card. Nothing is cut until you approve.

3

Names and addresses

A simple sheet: recipient, engraving, address. We handle every delivery and send you tracking for each.

4

Delivered, sealed, on the date

Rigid box, gold foil, your card inside. Recipients get a welcome email with setup and a named support line.
